

ITEM # CHPF3642D6, CHPF - CASED HORIZONTAL "A"

The Daikin brand All-aluminum CHPF Cased Horizontal "A" Coils are made for split system air conditioners and heat pumps. Each coil is made of quality galvanized steel with a painted, leather grain-embossed finish. This cabinet is painted Architectural Gray.

- Check flowrate for cooling and heat pump applications
- All-aluminum evaporator coil
- Rust-resistant, high-temperature, thermoplastic drain pans feature a low water-retention design
- Galvanized, leather grain-embossed finish
- Horizontal

Specifications

Nominal Capacity	3 to 3 1/2 TR
Depth	21 1/4 in
Width	26 in
Height	24 1/2 in
Liquid Connection	3/8 in
Suction Connection	7/8 in
Piston Size	.065 in
Plenum Opening Depth	19 in
Plenum Opening Height	23 1/2 in

Shipping Weight

66 lb

Features

Standard Features

- All-Aluminum evaporator coil
- Optimized for use with R-410A refrigerant
- Some models suitable for use with R-410A or R-22 refrigerant
- CAPT models feature factory-installed thermal expansion valves for cooling and heat pump applications
- Check flowrator for cooling and heat pump applications
- Vertical and horizontal models available
- 21" depth for easier attic access
- Split seam front for easy access
- Foil-faced insulation covers the internal casing to reduce cabinet condensation
- Galvanized, leather grain-embossed finish
- Rust resistant, thermoplastic drain pans featuring a low water-retention design
- DecaBDE-free thermoplastic drain pan with secondary drain connections
- UV-resistant drain pan
- AHRI certified; ETL listed

Notes

Do not use these coils on oil furnaces or any applications where the temperature on the drain pan may exceed 300°F. If these coils are applied with an oil furnace or another application where high temperatures threaten or jeopardize the durability of the drain pan, you must replace the factory-installed drain pan with a high-temperature drain pan. High-temperature drain pan kits are available as field-installed accessories. For a properly matched system and piston sizing information, refer to Amana piston kit chart of the corresponding outdoor unit.
